

# Algebra 2 (2013)-Aalborg University

## Lecture 23rd, April 30th

**23rd Lecture (C):** Tuesday April 30th, 8:15–12:00. I will not be present during this lecture, it is self-study.

Study in groups chapter 2 of the book [JH] J. Justensen, T. Høholdt, “A course in error-correcting codes” (We studied pages 19–26 in lecture 21). The material can be found in Moodle (lecture 21st). Try to find the relation with the theory in [Lau] Lauritzen’s book.

Best regards,

Diego
