

Computer Algebra (2012)-Aalborg University

Lecture 12, October 15th

12th Lecture: Monday October 15th, 8:15-12:00 at room G5-109.

- 8:15-8:45 Repetition: The discrete Fourier transform and the fast Fourier transform (pages 225–235).
- 8:45-10:45 Work in groups, Exercises from [GG]: 8.10 (excepting question iv).
- 10:45-12:00 Lecture: Factoring polynomials over finite fields (pages 367–383).

Best regards,

Diego
