

The goal of this journal is to collect the most recent work on algebra, its applications and related discrete structures. In this area we are witnessing the pure algebra applied in many interesting and applicable subjects such as Algebraic Coding Theory, Cryptography, Algebraic Combinatorics, Design Theory, Graph Theory and many related structures that find applications on Communications, Computer Science and many Engineering areas. The purpose of this journal is to provide a medium for publishing original papers in pure and applied algebra.

Editor in Chief

Irfan Siap

Yildiz Technical University, Turkey

Associate Editors

Edgar Martinez Moro

University of Valladolid, Spain

Patrick Sole

Telecom Paris Tech, France & King
Abdulaziz University, Saudi Arabia

Bahattin Yildiz

Fatih University, Turkey

About The Journal

This is an international journal and it is supported by Yildiz Technical University. Yildiz Technical University Electronic journals are made freely and permanently available online immediately upon publication. They are subject to high level peer review, author and production services ensuring quality and reliability of the work. Authors publishing with our journals retain the copyright to their work, licensing it under a Creative Commons license. Publishing with Yildiz Technical University Electronic Journal System enables authors to widen their readership, comply with open access mandates, and benefit from Yildiz Technical University Electronic Journal System trusted brand!

Area Editors

Theory and Applied Algebra

Nguyen Viet Dung *Ohio University, USA*

H. Pat Goeters *Auburn University, USA*

Andre Leroy *Universite d'Artois, France*

Diego Ruano *Aalborg University, Denmark*

Cryptography

Jintai Ding *University of Cincinnati, USA*

Elisa Gorla *University of Neuchatel, Switzerland*

Chris Monico *Texas Tech University, USA*

Joachim Rosenthal *University of Zurich, Switzerland*

Rainer Steinwandt *Florida Atlantic University, USA*

Coding and Design Theory

Taher Abualrub *American Sharjah University, UAE*

Noah Aydin *Kenyon College, USA*

Hai Dinh *Kent State University, USA*

Jon-Lark Kim *Sogang University, South Korea*

Minjia Shi *Anhui University, China*

Vladimir D. Tonchev *Michigan Technological University, USA*

Graph Theory and Combinatorics

K.T. Arasu *Wright State University, USA*

Thomas Britz *The University of New South Wales, Australia*

Eddie Cheng *Oakland University, USA*

Kenta Ozeki *National Institute of Informatics, Japan*

Keisuke Shiromoto *Kumamoto University, Japan*

Volkmar Welker *Philipps-Universität Marburg, Germany*

Cellular Automata, Information Theory and Computer Science

Andrew Adamatzky *University of the West of England, UK*

Hasan Akin *Zirve University, Turkey*

Jung-Chao Ban *National Dong Hwa University, Taiwan*

Ilias S. Kotsireas *Wilfrid Laurier University, Canada*

Managing Editors

Elif Segah Oztas *Yildiz Technical University, Turkey*

Vedat Siap *Yildiz Technical University, Turkey*
